

MS/ZB/5644

21st September 2016

Dear Parents,

As part of the School Census, we are now requested to collect data about pupils Nationality. This is to understand how effective the education sector is for foreign nationals and to effectively measure the impact of foreign nationals on the education sector.

The collection of this data is consistent with that which was collected as part of the last UK national census. However, although this data source covers the whole population it is only updated every 10 years and as such does not provide timely enough data for future policy-making, hence the requirement to collect this data via the school census.

If your child holds a passport that is **not** UK or has Dual Nationality (2 passports), please complete the slip below, stating which Nationality they are. This information will be held securely in the school office.

It is essential that the school has this information by Thursday, 29th September, so please complete and return this form by that date.

Yours sincerely,

Mrs M. Sullivan

Headteacher
