Dear Parents,

**Permission for publishing photographs**

From time to time the school will use photographs of pupils in publications and displays promoting the school, through social media as well as in news features in the local paper. In all instances children will not be named, unless permission to do so has been asked from the parent.

If you have **any objections** to your child's photograph being used in any of the above mentioned, **please complete the slip below** and return to the school.

Please ensure you contact the school if there is a change in your child's circumstances and you consequently wish to register your objection.

Yours sincerely

Mrs S. Nutman  
Executive Headteacher
